

**SERIES 2072, MODEL DVF-300-48/29-EX/SS
DISPERSER, POST MOUNTED, VARIABLE HIGH SPEED,
VECTOR DRIVE**

Feature:

- Motor: 30 HP, 1750 rpm, expl. Proof, 3-phase, 460V, Inverter Duty, 20: 1
- Mixing Shaft Speed Range: 400 to 1250 rpm
- Air-Over-Oil Lift, 48" rise
- Integral Dutchman Base
- High Speed Blade, HSF, 16"
- Controller, NEMA 1, Vector Drive
- Remote Control Box, NEMA 7 & 9 (explosion proof)
 - Digital Tachometer
 - Digital Ammeter
 - Speed Pot
 - E-stop
 - ON/OFF

This Disperser is designed with a variable speed belt/motor drive using inverter duty motor coupled to Vector Drive Controller resulting in precise speed control with significant energy savings.
