

### **SERIES 2072 SYSTEM TURNKEY ASSEMBLY**

- Dispersers, Post Mounted, Variable High Speed, Vector Drive, 10 & 30 HP  
Model DVF-300-48/29-EX/SS & Model DVF-100-48/21-EX/SS  
Inverter duty motors, Explosion Proof
- Remote Control Boxes, Model RCB-VDN7&9, UL Label explosion proof box  
Digital Tachometer, Digital Ammeter, Speed Pot, E-Stop, on/off
- Diaphragm Pump System, pneumatic, stainless
- Mixing Tanks, 510 gallon and (2) 55 gallon, stainless
- Overflow Tanks, 2 required, stainless
- Valves, stainless
- Piping, stainless, welded
- Platform, heavy duty, modular, carbon steel

#### **APPLICATIONS:**

- Continuous process of resin based products requiring high shear dispersion with additives in the larger tank and then pumped in either of the smaller tanks where more additives are dispersed to finalize the diverse products. The finished products are then pumped into either overflow tanks for final packaging.
- Stainless and explosion proof high shear processes.
